TO: Distribution List

SUBJECT: Flood Control Subventions Program
Request for Local Agency Estimates

We are currently preparing our recommendations for the 2006-2007 fiscal year budget for State financial assistance to local agencies cooperating in the construction of federal flood management projects.

In order to comply with our budget schedule, we are asking that all local agencies provide estimates of project fund requirements for the remainder of fiscal year 2005-2006 and for fiscal year 2006-2007. The estimate for fiscal year 2005-2006 should be based on the estimated amount of claims you will be submitting between now and June 30, 2006. The 2006-2007 estimates should be similarly based on your anticipated actual cash needs.

We are also preparing a ten-year projection of flood control capital outlay funding needs. We would appreciate your estimates for any fund requirements for currently authorized projects and any proposed projects for 2007-2015. Again, please base these estimates on the amount of claims you would be submitting.

Please respond by November 15, 2005. You may fax your estimates to (916) 574-0331 by using the attached form or emailing the information to duding@water.ca.gov. If you have any questions, please contact me via email or at (916) 574-2745.

Sincerely,

//ORIGINAL SIGNED BY//

Dena N. Uding, Chief
Flood Control Subventions
Division of Flood Management
